These fees are subject to VAT. Our professional fees may vary considerably between applications, depending on various factors, including the type of visa, the number of dependent family members and the complexity of the application. Our legal fees will always reflect the estimate given unless new or unforeseen factors arise. If this happens, we will provide a revised estimate of our legal fees.

We will also charge for disbursements that we pay on behalf of the individuals, these include (but not limited to):

- Home Office / Government [Fees](#); and
- Third party fees, such as translation costs.

Government fees vary depending on the type of application and duration of visa, and appointment costs for applications will vary depending on where and how the application will be submitted and whether a priority service will be used. Our team estimate these costs at the outset before proceeding with any instructions and they also appear on our invoices. Government's fees do not attract VAT however third party costs such as translations and courier costs do.

We will progress work efficiently and cost-effectively and discuss relevant timeframes, progress and deadlines. On average, a typical application process usually take between 2 to 6 weeks to prepare for submission. Where necessary we will expedite preparation times to meet visa expiry dates. However timescales are dependent on a number of factors and are likely to vary for a number of reasons including (i) the application type, (ii) where they are applying from (outside or inside the UK) (iii) individual circumstances of each application, (iv) visa expiry dates and (v) availability of information and documentation. We will give more accurate estimate of timings and costs once we have more information about a specific case. We cannot guarantee how long the Home Office, UKVI will take to process applications. Current government visa processing times can be found [here](#).

Where appropriate we prefer to agree to a fixed fee or fixed fees for matter but where this is not possible or not preferred we charge based on the following hourly rates to which VAT is added.
